

## Dates and theme

***La Grande Lessive*® takes place twice a year.**

**The first event is in March; the second is in October.**

It's possible to contribute to a single event, or to participate in both.

**Each event lasts one day. *La Grande Lessive*® always takes place on a Thursday.**

In French, *jeudi* ("Thursday") is pronounced *je dis* ("I say"). This way of understanding the word is translated into action, as we invite everyone's creativity and ask that works displayed be signed with this name. Thursday is also a day like any other, since all days are equally conducive to artistic and self-exploration.

In order to span the globe, the temporary installation of *La Grande Lessive*® stretches over at least 3 days worldwide. Depending on the place, **the installation can therefore be put up the night before or continue into the following day.**

It's not easy to determine a date suitable for everyone everywhere. Depending on holidays and local festivities, it may be possible to adjust the date. If you wish to organize a one-off *Grande Lessive*® event, we urge you to contact us, since **an explicit agreement is required.**

**Each event has a theme shared by all participants worldwide. The website page « Que faire ensemble ? » provides details.**
